REPORT

— OF THE —

ADJUTANT-GENERAL OF MARYLAND,

DECEMBER 1ST, 1889.

ANNAPO利S, MD.:
GEORGE T. MELVIN, STATE PRINTER.

1890.

STATE OF MARYLAND.

ADJUTANT-GENERAL'S OFFICE,

ANNAPOLIS, December 1, 1889.

To the Governor and Commander-in-Chief:

SIR—In obedience to law, I had the honor to transmit on the first day of last January a return of the militia of the State for the year ending December 31, 1888; and in accordance with the Act of Assembly of 1888, chapter 239, section 3, I now submit, for your information and that of the General Assembly and the public, a detailed, itemized report of all sums of money disbursed to and for the National Guard during the fiscal years ending September 30, 1888, and September 30, 1889, and, also, from last mentioned date to that of this report.

In addition, I also have the honor to present a sketch of the condition of the troops, and the part taken by them in the parades attending the inaugural ceremonies at Washington, D. C., the centennial celebration at New York and the anniversary of the battle of North Point at Baltimore, together with certain recommendations and suggestions touching their welfare.

CONDITION OF THE MARYLAND NATIONAL GUARD.

As fixed by law, the active uniformed militia of the State, styled the Maryland National Guard, consists of thirty-eight companies of infantry, as follows:

FIRST REGIMENT INFANTRY, 10 Companies,

Colonel H. KYD DOUGLAS, Commanding.

FIFTH REGIMENT INFANTRY, 10 Companies,

Colonel CHARLES D. GAITHER, Commanding.

BATTALION BALTIMORE LIGHT INFANTRY, 4 Companies,

Lieut.-Col. BRENT WATERS, Commanding.

SECOND BATTALION INFANTRY, 4 Companies,

Lieut.-Col. GEORGE A. PEARRE, Commanding.

THIRD BATTALION INFANTRY, 4 Companies,

Lieut.-Col. JAMES L. WOOLFORD, Commanding.

LEONARDTOWN RIFLES, Independent Infantry, 1 Company,

First Lieutenant I. FORD YATES, Commanding.

CALVERT LIGHT INFANTRY, Independent, 1 Company,

Captain J. BRISCOE BUNTING, Commanding.

PRINCE GEORGE'S RIFLES, Independent Infantry, 1 Company,

Captain P. W. CHEW, Commanding.

BALTIMORE RIFLES, Independent Infantry, (Colored), 1 Company,

Captain GEORGE M. MATTHEWS, Commanding.

MONUMENTAL CITY GUARDS, Independent Infantry, (Colored), 1 Company,

Captain WILLIAM R. SPENCER, Commanding.

ALLEGANY COUNTY GUARDS, Independent Infantry, (Colored), 1 Company,

Captain FREDERICK BURGEE, Commanding.

[For location and roster of officers of the Maryland National Guard, see exhibit attached hereto, marked "A."]

Owing to the wise liberality of the General Assembly, the appropriation for its support of fifty thousand dollars for the year ending September 30, 1889, and of forty thousand dollars for that ending September 30, 1890, the National Guard has been brought from a state of apathy and inefficiency—owing principally to lack of clothing—to a condition which enables it to

respond to any call for service, and the corresponding elevation of *morale* and enthusiastic devotion to duty of officers and men should be a matter of gratification to all who recognize the importance of this adjunct to the police force.

In drill and discipline our militia now is the equal of that of any of the States. The time when it was generally looked upon as a body of mere holiday soldiers, unfit for any serious duty, has now passed. As it existed a few years ago, it might well be doubted whether it was not a useless expenditure of money to maintain organizations whose members rarely ever performed a soldier's duty in the field, and on retiring, after a longer or shorter term, were just as unfitted to render service to the State as when they first donned their gay and glittering trappings.

At the close of the war, in 1865, the country abounded in material, from which, in a few days' notice, an immense, well-drilled and disciplined army could be raised; but comparatively few of the men now remain who are equal to the exposure of marches or life in camp.

The War Department at Washington and the Executives and Legislatures of most of the States have in the past few years had reason to urge the importance of a "well regulated militia," and, consequently, by well digested and stringent laws and generous appropriations, there exists now a force of over one hundred thousand men, well-organized and disciplined, and supplied with the latest improved weapons and camp equipage, subject to the call of the general government as a nucleus of an army for national defense.

ENCAMPMENTS.

The State of Maryland, in keeping pace with others, provided by Act of Assembly, approved April 1, 1886, for biennial encampments of all the troops, paying officers and men for the time thus given to the State—to the former, the per diem pay of United States army officers of like grade, and to the latter one dollar and thirty-three cents per day. The good results flowing from these encampments, where the soldier was thoroughly instructed in all the duties and hardships incident to service in the field, have been simply surprising. Those last held were near Frederick Junction, on the Baltimore & Ohio Railroad—a well-selected location for all purposes. With the exception of the Leonardtown Rifles, Independent Company of Infantry, the Bond Guards, Company F, First Regiment Infantry, and the Kent Guards, Company B, Third Battalion Infantry, which were in a disorganized condition, as hereinafter referred to, and the three colored companies, all the troops responded with alacrity, remaining in camp for the required period of ten days, from the 17th to the 26th of July last, and were succeeded by the three colored companies, which remained for seven days, from July 27 to August 2.

The former camp was commanded by Brigadier-General Stewart Brown, commanding First Brigade, and the latter by Captain Robert P. Brown, Fifth Regiment Infantry, who was detailed for this duty on account of his qualifications to impart instruction to the men and enforce rigid discipline.

It is the unanimous testimony of Brigadier-General Brown, and the field, staff and line officers that the

benefit derived from this severe course of military duties and instruction was incalculable, and resulted in returning to their respective stations a reliable and efficient body of men, ready to respond for any duty they might be called on to perform.

By the admirable management of the Quartermaster's Department, under Major Clayton C. Hall, Brigade Quartermaster, the troops arrived promptly in camp at the appointed times, and their comfort was much promoted by his diligent care and attention.

As to the expense of these encampments, although the sum may appear large, yet it cannot be questioned that it borders on insignificance compared with the results that followed, and could they be held annually the State would not be the loser by the outlay.

The total cost was as follows:

Transportation	\$ 1,700 60
Subsistence.....	6,169 20
Pay.....	24,535 08
Quartermaster's Department.....	3,716 02
Medical Department.....	172 99
Incidental expenses.....	884 82

	\$37,178 71

My estimate of the cost was exceeded by about eight thousand dollars, owing to the unexpectedly large attendance of both officers and men; and, in order to meet these expenses, it became necessary to anticipate, in large part, the appropriation for the fiscal year beginning October 1, 1889, as will appear in statement marked "G."

[Annexed hereto will be found a detailed statement of these expenditures, marked "B;" also, a statement showing the number of officers and men on duty, marked "C."]

Brigadier-General J. C. Kelton, Adjutant-General of the United States Army, in his recent report to the Secretary of War on the subject of encampments, says:

"State encampments, to be of absolute benefit, should be held for not less than ten days, or, preferably, two weeks. The duration of camps is generally too short; at the end of one week everything is running smoothly, but camp is broken just as every hour has become really valuable and the men begin to be benefited by the instruction given them."

ORDNANCE AND ORDNANCE STORES, CLOTHING, AND CAMP EQUIPAGE.

Our troops are now generally well clothed, and are all armed with the most approved United States breech-loading rifles. Overcoats and blankets of the best quality have been issued, and, as their use is forbidden except when on military duty, will last for several years to come. A number of tents has also been purchased and held by this Department for issue when required.

[A statement of ordnance and ordnance stores, clothing, and camp equipage is hereto annexed, marked "D."]

PERMANENT CAMP-GROUND.

Attention is respectfully invited to the great advantage to be derived from the purchase or lease of a suitable place for a permanent camp-ground. Quite an expensive item in the cost of the last encampments was for the temporary erection of mess-sheds, cooking sheds, stables, etc. All this could be saved to the State after the first encampment, and the buildings

could be utilized for storage of much of the public property, thereby saving cost of transportation. The grounds would also afford a suitable rifle range where target practice might be had at different seasons of the year.

Such a plan has been adopted by some of the States and found to be more economical and satisfactory.

Speaking on this subject, General Kelton, Adjutant-General United States Army, says:

"Permanent grounds for armed encampments are very desirable, and they should be selected for their adaptation for modern military purposes, be well drained, and have a sufficient supply of good water. They should include a rifle range, of not less than one thousand yards, and be ample not only to permit the prescribed formation of a military camp, but for battalion, skirmish and other drills. The good of the service would be promoted by establishing camp at points inaccessible to the mere sight-seeing crowd.

"The development of the excellent military spirit generally prevailing among members of the National Guard can never be complete until encouraged by substantial pecuniary assistance from the State Legislatures. All men called out should be transported, subsisted and tented at the expense of the State and general government, with a per diem allowance to the officers and enlisted men.

"Certainly in regard to so important a matter as maintaining the National Guard, which means no less than preparing for national defense, it appears strange there should be any hesitation on the part of the

State authorities asking and the general government granting all the means necessary therefor."

ASSISTANT INSPECTOR GENERAL.

It is respectfully suggested that the law be so amended as to provide for an Assistant Inspector General, with the rank of Colonel, to be appointed by the Governor and Commander-in-Chief on his staff, with a salary of \$—— per annum, whose duty it shall be to make constant inspections of the different commands throughout the State, and see to the proper care of public property as well as to the instruction of the officers in their duties. His entire time would be occupied in the performance of these duties, and the want of such an officer is seriously felt by this Department. His pay would be more than saved to the State by the better protection and care of arms, accoutrements and uniforms.

CHANGES AND DISBANDMENT OF COMPANIES.

Since my last biennial report no changes have occurred in the National Guard, with the exception of the "Williamsport Light Infantry," Company D, First Regiment, which, owing to gradual decrease of numbers and from various other causes, fell below the limit of efficiency and was disbanded. By Act of Assembly provision was made that in such event a newly organized company at Belair, Harford county, should be substituted.

Three of the present companies, viz.: The "Leonardtown Rifles," Independent Infantry, at Leonardtown, St. Mary's county, the "Bond Guards," Company F,

First Regiment Infantry, at Catonsville, Baltimore county, and the "Kent Guards," Company B, Third Battalion Infantry, at Chestertown, Kent county, from like causes have been in process of disintegration, and probably in the near future will also be disbanded, under authority conferred by law upon the Governor and Commander-in-Chief.

Should the Legislature see proper to replace them by a like number of new companies—which at present is not deemed necessary or advisable—it is recommended that one of them be a troop of cavalry and one a battery of light artillery, both to be recruited and located in Baltimore city.

By an Act of the last Legislature it was provided that a company organized in Washington county, styled the "Antietam Guards," should be admitted into the National Guard in the event of the disbandment of any company of the First Regiment Infantry. No such event has yet transpired.

INAUGURAL CEREMONIES AT WASHINGTON, D. C.

On the occasion of the inauguration of President Harrison, March 4, 1889, a large part of the National Guard, actuated by a proper spirit, requested permission to take part in the escort and review. The following-named organizations reported for duty, without expense to the State, and received on all sides great praise for their military bearing and precision of march:

First Regiment Infantry, six companies, Lieutenant-Colonel L. A. Wilmer, commanding.

Fifth Regiment Infantry, ten companies; Colonel Charles D. Gaither, commanding.

Battalion "Baltimore Light Infantry," four companies, Lieutenant-Colonel Harry A. Barry, commanding.

Third Battalion Infantry, "Company C," Captain Edward Roberts, commanding.

"Baltimore Rifles," Independent (Colored) Infantry, one company, Captain George M. Matthews, commanding.

"Monumental City Guards," Independent (Colored) Infantry, one company, Captain William R. Spencer, commanding.

The brigade was commanded by Brigadier-General Stewart Brown.

CENTENNIAL CELEBRATION AT NEW YORK, APRIL 30, 1889.

It was deemed eminently proper that the State of Maryland should be fitly represented on this interesting and patriotic occasion; but it was a matter of keen regret that no funds were available for the transportation of troops. The New York Committee on Military, with lavish generosity, invited all of the National Guard to come who might elect to do so, promising to subsist and quarter them for two days. At this mortifying juncture the commissioned officers of the Fifth Regiment Infantry magnanimously offered to give all the pay that might become due them for camp service for this purpose, and thus the Governor and Commander-in-Chief was enabled to detail this regiment as the representative of the State and its militia. As to the manner in which it behaved itself on this occasion, the public press, military critics of the United States Army and of many States all united in warm commendation. Its conduct reflected credit on the State.

The total amount of this pay was fourteen hundred and sixty-nine dollars and twenty-five cents, (\$1,469.25), and it is only just that the Governor and Commander-in-Chief recommend the Legislature to refund the same.

CELEBRATION OF THE MARYLAND EXPOSITION ASSOCIATION.

This association having concluded to celebrate the anniversary of the Battle of North Point and bombardment of Fort McHenry by a general trades display, military parade, and sham battle at Pimlico, and naval engagement at Fort McHenry September 10, 13, 1889, an invitation was extended by Frank Brown, Esq., president, to the Army and Navy of the United States, Maryland National Guard and to the troops of New Jersey, Pennsylvania, Delaware, Virginia, and the District of Columbia, to participate. Both arms of the United States service and nearly all of the States mentioned were represented. Of our National Guard the following named organizations reported for duty:

First Regiment Infantry, Lieutenant-Colonel L. Allison Wilmer, commanding, aggregate....	257
Fifth Regiment Infantry, Colonel Charles D. Gaither, commanding, aggregate.....	352
Battalion Baltimore Light Infantry, Lieutenant- Colonel Brent Waters, commanding, aggre- gate	244
Second Battalion Infantry, Lieutenant-Colonel George A. Pearre, commanding, aggregate...	130
Third Battalion Infantry (Companies C and D), and independent companies, Prince George's Rifles and Calvert Light Infantry (tempora- rily attached); Lieutenant-Colonel James L. Woolford, commanding.....	141
Total commissioned and enlisted.....	1,124

Nothing was left undone to contribute to the comfort of the troops by Frank Brown, Esq., president, and Brigadier General Clinton P. Paine, chairman of the Committee on Military Display. Owing to their efforts and to the full attendance and excellent deportment of the men, that portion of the programme embracing the sham battle at Pimlico and bombardment of Fort McHenry, although interfered with by unpropitious weather, was duly carried out in the most creditable manner.

PIKESVILLE ARSENAL.

By Act of Assembly, approved February 27, 1888, the property, in Baltimore county, known as the Pikesville Arsenal, in charge of this Department since its retrocession by the United States, was given for use to the Association of the Maryland Line for the benefit of disabled and destitute Confederate soldiers. It was duly so transferred, and has since, under the protecting care of said association, afforded a comfortable shelter for these homeless and deserving men in their declining years.

FLAGS, ETC.

At the last session of the Legislature the following joint resolution, offered by Senator Burchinal, was adopted:

"I. Be it resolved by the General Assembly of Maryland, That the Adjutant-General of this State be and is hereby directed to procure from the Secretary of War of the United States all standards, flags, and colors borne by regiments and battalions and batteries

from this State in the army of the United States during the War of Eighteen Hundred and Twelve, the Mexican War, and the War between the States; and our Senators and Representatives in Congress are requested to assist the Adjutant-General in securing the same for the State.

“II. *Be it resolved*, That the Adjutant-General is further directed to collect such flags and colors as were borne by regiments, battalions, or batteries from this State in the services of the Confederate States during the War between the States.

“III. *Be it resolved*, That he shall cause to be prepared a brief history of each and every flag so procured by him, Union and Confederate, and record the same in the records of his office as part of the archives of the State; *provided*, that he shall not procure or collect any flags that were captured by either side.

“IV. *Be it resolved*, That he shall cause all such standards, flags and colors as he shall procure and collect to be displayed in a proper manner in the State House at Annapolis, there to be forever exhibited and preserved as a perpetual memorial of the valor, courage and fortitude of the sons of Maryland; in order that the renown won by them may be preserved and perpetuated as the common heritage of all the people of Maryland to the last syllable of recorded time.”

Due publication of the same was made through the public press, and all societies and persons concerned invited to correspond with the Adjutant-General, with a view of carrying the resolution into effect. At the same time, the Governor and Commander-in-Chief authorized the employment of a suitable person to visit

the Grand Army of the Republic Posts throughout the State and report what and how many colors, etc., could be secured. Colonel William H. Love, Aide-de-camp and Acting Assistant Quartermaster General, was selected. In his report of progress he says:

I have communicated with forty-three Grand Army of the Republic Posts, besides the various associations that I have been informed had flags possessing historic interest and coming within the general scope of the Act. The following Posts have taken action :

Guy Post, No. 16, no flags.
David Orr Post, No. 32, no flags.
Hicks Post, No. 24, no flags.
Burnside Post, No. 22, no flags.
Wallace Post, No. 45, no flags.
W. H. Emory Post, No. 29, no flags.
Gosnell Post, No. 39, no flags.
Wingate Post, No. 9, no flags.

Maryland Historical Society holds the old flag of the Twenty-seventh Maryland Regiment, used at North Point. We cannot get this flag.

Tyler Post, No. 5, Cumberland, Md., will turn over two flags of the Second Maryland Regiment (Union)—one State flag and one National.

Thoburn Post, No. 21, has no flags.

I have the honor to report further that I am in communication with Captain W. D. Burchinal, who was the author of the bill, and he will help me in every way to get the flags now in the keeping of Wilson Post.

The work of finding the various flags used in the Mexican War and the flags of the Confederates is a large one and will take some time.

And later on :

I have the honor to report that, in pursuance of your order from the Governor and Commander-in-chief, under date of September 30, 1889, I have been in communication and have visited all the Grand Army posts in this State, in order to carry out the purport of the order and the joint resolution of the Legislature. I have discovered that, with the exception of Tyler Post No. 5, located at Cumberland, almost all the flags, etc., are in the possession of Wilson Post No. 1, Baltimore; Tyler Post No. 5 having in their possession one stand of State and one stand of United States colors of the Second Maryland Infantry, which they are prepared to turn over whenever the State shall be prepared to receive and care for them.

I have been in communication with Capt. Burchinal, of Chestertown, (who was the author of the resolution which passed the last General

Assembly) for some time past, and at last, on the evening of December 9, he promised to visit Wilson Post No. 1 with me, which he did. I presented and read your order to me, and the joint resolution of the General Assembly, and was ably assisted in the work by Capt. Burchinal.

Having closed this part of the work, *i. e.*, the gathering of the colors of the late war, I desire to report that I have also found one stand of colors of the War of 1812-14—the flag of the Twenty-seventh Maryland Regiment—and which is now in the hands of the Maryland Historical Society. I will be able to report further, not only in regard to this flag, but of any others that may be in possession of the various county historical societies of the State, which I am now in communication with, in a short time.

I thought it best to take up the matter of the Confederate colors second in order, as they came under Section 11 of the joint resolution; and as soon as I can get anything to make a report on from the Confederate Societies you will be placed in possession of it at once.

As no appropriation was made to carry out the purpose of the resolution, it is respectfully suggested that recommendation be made to the next Legislature to provide an adequate sum for the purchase of cases for the proper custody and display of the flags and for payment of freights and other necessary expenses. It is estimated that the sum of twenty-five hundred dollars would be required.

FORT FREDERICK.

A board of officers was convened last spring, charged with the duty of visiting various points in the State, with the object of recommending to this Department a suitable location for a camp. Amongst other localities inspected was that of old Fort Frederick, near the Potomac River, in Washington county, a few miles distant from Hancock. This property was, however, found to be impracticable, owing to its inaccessibility, being too remote from the railroad. It appears, from what information can be gathered, that it still belongs

to the State, but for many years has been in possession of certain parties who till the soil. There is on record in the office of the clerk of the Circuit Court for Frederick county a deed, bearing date August 9, 1756, from Peter and Jacob Cloine to Horatio Sharpe, Governor of Maryland, which recites that a certain tract, called "Sky Thorn," containing fifty acres, and part of a tract, called "Johnson's Lot," containing ninety-nine acres, being needed for the construction of a fort, are conveyed, in consideration of one hundred and twenty-five pounds, current money, to Horatio Sharpe, Governor of the Province of Maryland, and his successors, for the use of the Province of Maryland forever. The fort was constructed, but has long since fallen into decay.

RECORDS OF THE WAR BETWEEN THE STATES.

The attention of the Legislature has before been called to the fact that there are no records, worthy of the name, on file in this Department of the soldiers and sailors who served in the late war. No complete muster rolls are to be found; in fact, little or no information can be had in answer to thousands of applications made to this office in connection with bounties and pensions claimed to be due. Other States have caused to be prepared and published accurate rosters and the history of every officer and enlisted man.

At the War Department, at Washington, only, can the records of the Maryland troops be found; and in order to transcribe them the entire time of two clerks would be required for several months. The War Department will cheerfully give access to the records, but will not permit them to be removed. A sufficient sum

of money should be appropriated for the purpose of compiling in substantial book form the history of all organizations serving on both sides in the conflict.

UNITED STATES QUOTA FOR SUPPORT OF THE MILITIA.

The amount of funds placed by the War Department to the credit of the State for support of the militia, for the fiscal year ending June 30, 1889, was seven thousand three hundred and seventy-three dollars and twenty-seven cents (\$7,373.27). This sum is not paid over, but is drawn against by the Governor, on requisition on the Secretary of War, for ordnance and ordnance stores, clothing, and camp equipage, furnished at government prices, and the property is taken up and accounted for by the Adjutant-General on his returns made yearly to the War Department.

[Hereto annexed is statement of account for said year, marked "E."]

The amount allotted for the present fiscal year is seven thousand five hundred and ninety-four dollars and sixteen cents (\$7,594.16). At this date no requisitions have been made against any portion thereof.

EXPENDITURES OF MILITARY APPROPRIATION.

Attached to this report is submitted a detailed, itemized report of all sums of money disbursed by the Governor and Commander-in-Chief to or for the National Guard during the fiscal year ending September 30, 1888, marked "F," and that ending September 30, 1889, marked "G;" also from latter date to that of this report, marked "H."

It will be seen that at the beginning of the present fiscal year, October 1, 1889, of the appropriation of

forty thousand dollars there stands to the credit of the fund the sum of seven thousand two hundred and ninety-five dollars and twenty-eight cents (\$7,295.28).

Because of the increase in cost of the encampments, above referred to, it is greatly to be regretted that, in order to provide for the support of the National Guard for the present fiscal year, an additional appropriation will be necessary to meet current expenses.

The following estimate is submitted, covering all requirements:

Armory rents, lights, fuel, etc.,

(35 companies) at.....	\$200 00	\$7,000 00
Headquarters of Brigade, Regi-		
ments and Battalions. at	200 00	1,000 00
Total		\$8,000 00

At this time, when the people are justly complaining of onerous taxation imposed upon them for the support of the State, the Legislature will, no doubt, closely scan all bills introduced asking for the appropriation of monies for State purposes and for institutions of charity.

But the military establishment cannot be regarded as other than a public necessity, and should be fostered and encouraged by reasonable appropriations for its support. The Legislature will surely see to it that its present high standard be not lowered nor its usefulness impaired.

ORDERS ISSUED.

Annexed hereto will be found copies of certain orders issued, marked "I."

In conclusion, I have the honor to state that too

high commendation cannot be bestowed on both officers and men for their zeal in the performance of their duties. All professions, trades and avocations are represented in the military establishment, and no inconsiderable loss of valuable time, and, frequently, great inconvenience have resulted from their conscientious devotion to the interests of the service.

Very respectfully,

Your obedient servant,

J. HOWARD,

Adjutant-General.

Sections 92, 93 and 94, of General Orders, No. 3, Adjutant-General's Office, Series of 1878, are hereby revoked, and as a part of the General Regulations for the organization and discipline of the Maryland National Guard the following are substituted therefor:

SECTION 92.—Regimental and Company Courts-martial.

Any Regimental or Battalion Commander may, and whenever directed by the Brigade Commander, or by the Governor and Commander-in-Chief, shall order a Regimental or Battalion Court-martial, to consist of not less than five members, for the trial of Commissioned Officers of his Regiment or Battalion below the rank of Major, as far as practicable of at least equal rank with the accused; and for the trial of Non-Commissioned Officers, Musicians and Privates, to consist of three Commissioned Officers of such Battalion or Regiment; the proceedings, finding and sentence of said Court to be approved by the authority convening the same.

And it is further directed that in Regiments or Battalions having, under their by-laws, Boards of Officers, such Boards of Officers shall be and they are hereby constituted Courts-martial, with power to sit from time to time, as occasion may arise, for the trial of the offences and imposition of fines and penalties specified in the Act of Assembly of 1886, chapter 162.

In Regiments and Battalions, however, where there may be no such Regimental Boards of Officers, the Commissioned Officers, for the time being, of each separate company of such Regiment

For the trial of all officers of a Brigade, above the rank of Captain, on other than charges of capital offences, Brigade Courts-martial, to consist of not more than nine nor less than five members, as far as practicable of at least equal rank with the accused, may be ordered by the Brigade Commander; or, when required so to do by the Governor and Commander-in-Chief, shall be so ordered, and the proceedings, finding and sentence of said Court must be approved by the authority convening the same.
